The Nonprofit Association of Oregon (NAO), formerly known as TACS, is a statewide network of nonprofits, foundations, business partners, and individuals dedicated to supporting Oregon's nonprofit sector. NAO serves as a resource for nonprofit organizations and a central source of information about the nonprofit sector. NAO connects nonprofits of all sizes, missions, and geographic locations. NAO offers programs and services that enhance the capacity of nonprofits to fulfill their missions. While NAO's role as a statewide membership association is a relatively new one, NAO has over 30 years' experience providing consulting and training to nonprofit leaders, staff, and volunteers.

Nonprofit Network Southwest Washington provides infrastructure of support for local nonprofits in a rapidly growing and dynamic community. We have programs for the following: professional development, networking for nonprofit staff, nurturing philanthropy and building future board leadership.

United Way of the Columbia-Willamette (UWCW), is a local, nonprofit organization that has helped people in Multnomah, Clark, Clackamas, and Washington Counties since 1920. UWCW is working to advance the common good by focusing on education, income, and health. We all win when kids succeed in school, families are financially stable, and people have good health. Our goal is to create long-lasting changes that prevent problems from happening in the first place. We invite you to be part of the change. Together, united, we can inspire hope and create opportunities for a brighter future. That is what it means to LIVE UNITED.

Willamette Valley Development Officers (WVDO), serves people raising funds for nonprofit organizations by linking them with others in the community and providing affordable opportunities for their professional growth and education. WVDO is Oregon's largest organization for Development professionals, with a current membership of more than 750 individuals. Now in its 33rd year, WVDO is our region's premier service organization for Development Officers, Executive Directors, Board members, Event Coordinators, Marketing Managers and other nonprofit professionals and community leaders.

Community Action Partnership of Oregon (CAPO), (formerly Community Action Directors of Oregon, CADO) is a private, non-profit association comprised of the Executive Directors of Oregon's Community Action Agencies, the Oregon Human Development Corporation and associate member agencies. The mission of CAPO and member Community Action Agencies is to eradicate the causes and conditions of poverty that exist in Oregon. This antipoverty work is done in collaboration with a variety of partners, representing local, state and federal governments, as well as community and advocacy groups, policymakers and low income leaders.

We also wish to thank **2017 Nonprofit Salary Survey Steering Committee**, comprised of representatives from participating nonprofit organizations, for their dedicated efforts in guiding and enhancing this survey.
